

ACH Solutions

In today's marketplace, flexible, user-friendly, and state-of-the-art ACH Solutions are vital to your credit union's operations. Our ACH Solutions provide credit unions with a comprehensive, online-based system, making it easy for credit unions to stay competitive by offering their members the most efficient means to transfer payments.

- Streamlines Operations
- Maintain Detailed Audit Logs
- Access Reports On-Demand
- Eliminates Database Management
- Includes Integrated IAT OFAC Checking
- Offers Adaptive Authentication and/or Token Authentication Options

Key Benefits

1. Streamlines operations through a centralized platform where credit unions can perform ACH origination, ACH transfers, ACH receiving, same day ACH functionality, business direct ACH options, FedGlobal ACH, and international wires.
2. Daily reporting tools provide consistent recordkeeping, effortless cash management, and enhanced risk management that meets or exceeds audit requirements.
3. Easily view file status, query information, and research items from any branch at any time.
4. With no hardware or software to maintain, our ACH Solutions reduce paperwork and fees, while securely increasing processing efficiencies.
