

Business Applications

Streamline business processes, improve organizational workflows and efficiencies, empower employees, and drive project deliverables with cloud business applications. Our technology CUSO, Think|Stack, partners with Microsoft to provide your credit union access to Microsoft 365, formerly Office 365, a cloud-based service that is designed to help meet your organization's needs for robust security, reliability, and user productivity.

Microsoft 365 combines the familiar Microsoft Office desktop suite with cloud-based versions of Microsoft's next-generation communications and collaboration services—including Microsoft Exchange Online, Microsoft SharePoint Online, Office Online, and Skype for Business Online—to help users be productive from virtually anywhere through the Internet.

Key Benefits

1. Save time, money, and free up valued resources.
2. Break down silos to enable secure collaboration across front, mid, and back offices.
3. Limit operational and compliance risk.
