

WeBPay

In today's virtual society, it is imperative that credit unions have a functional, seamless electronic bill payment (EBP) service. WeBPay offers credit unions a flexible EBP system that allows members to submit payments via a home banking program, a stand-alone electronic interface, or a mobile application. Our solution allows your credit union to offer the latest mobile technology without any technology investment or core integration. WeBPay can be branded to suit your credit union, so the bill payment system offered to your members is unique.

- Secure Online Bill Payment
- Schedule Recurring Payments
- Remote Account Management
- Single Sign-On Integrations
- Voice Activated Commands
- Email Notifications and Alerts

Key Benefits

1. Members can easily view and self-manage their accounts and payees, pay bills online, and schedule bill payments and recurring payments from a personal, business, estate, or trust checking account.
2. Payments are processed electronically, via ACH in most cases, or by paper check from your credit union if electronic payment is not available to the payee.
3. Mobile integration provides higher retention and member satisfaction, strengthens competitive positioning, and increases the Gen X, Gen Y, and Gen Z reach of your credit union.
