

Urgent: Corporate Cash Impact

March 18, 2020 – Corporate Cash armored vehicle deliveries will attempt normal delivery protocol regardless of branch lobby closure. We urgently request your assistance – please have any branch locations that are closed post special delivery instructions at the routine armored vehicle driver access location as needed.

If your branch lobby is closed you must inform us by emailing mrr@corpcu.com. Please include:

- Information (credit union name, street address, city, day of service) regarding ALL affected branches
- The expected range of dates of the closure
- Any special instructions that will assist the armored vehicle driver to announce their arrival as efficiently as possible

To ensure the best possible service, we are currently unable to execute any frequency changes and day of service changes until further notice. Previously scheduled services will proceed as planned.
