

Addie's Angels on Earth

Details

Every June, Addie's Angels on Earth holds a donation drive in remembrance of Addison Marie Cate. Addie's Angels on Earth donates supplies to a local hospital dealing with infant loss. These supplies are used to provide infant loss boxes and other remembrance items to grieving families who are leaving the hospital with their babies in their hearts, instead of in their arms. In 2022, we also started providing supplies for Rainbow Bags. These bags go to parents who are welcoming their Rainbow babies into the world. A Rainbow baby is one born after a loss.

This will be the 6th annual Addie's Angels on Earth Donation drive. Over the past 6 years, we have grown so much by word of mouth and have had the opportunity so see parents receive both the angel and rainbow bags. We wanted to do something that will allow others to offer those to their loved ones as well. This year, we are giving people the opportunity to order either an angel or rainbow bag from us to be mailed directly to their parents. We are hoping this allows for more people to feel seen and to feel the love from their support network. These bags, like everything we supply, are paid for entirely by donations. We are so excited to launch this newest addition to Addie's Angels on Earth and to help keep the memory of our sweet Addie alive.

This is a mission that is near and dear to our hearts. With one in four pregnancies ending in a loss, we know that we cannot stop the heartache of losing a baby for another family, but we can try to ease their pain and suffering and remind them they are not alone.

Monetary Donations

All funds collected will go towards purchasing requested supplies on the Amazon wish list from the hospital as well as starting an inventory of items for the ready to order bags. Any remaining funds will go towards the continued purchasing of inventory and reserves for additional items the hospital needs throughout the year.
